October 6, 2008

Trish Stevens, and her enthusiastic team at Ascot Media, have taken my novel, THE PORTOFINO DECEPTION, from the darkness of obscurity to the light of exposure, arranging innumerable press releases and internet blogs, media reviews and a series of national radio interviews and in-studio television appearances around the country. Anyone interested in promotion of a product, from a book to a political candidate, would be well served to contact the passionate and devoted group at Ascot in Webster.
